

Years have gone by and we still give a longstanding tradition of grill and service excellence. Rest assured, you can depend on an offering that maintains the outstanding, excellent meat accompanying sauces and marvellous choice of sides – the shoestring fries, and pap and gravy are as good as ever. What's different is the addition of some deliciously innovative newcomers - a selection of continually evolving starter and main meal specialities where the emphasis is on wholesome, quality ingredients, preservative-free as possible and seasonal produce.

We are using some of the timeless signature dishes from the original Chaplin's Bistro in Melville – an establishment renowned for providing over two decades of fine dining charm. Welcome reminisces include starters of Snails, Carpaccio and Duck Spring Rolls. The nostalgia continues with venison medallions (in season) and the legendary prawn curry with coriander. Crème Brûlée and Mille Feuille – phyllo layered with crème patisserie, cream and fresh berries are revived from the dessert hall of fame.

With a menu distinguished not only by a superlative grill but by a novel inclusion of lighter dishes, vegetarian options, pastas and classic à la carte specialities, the intention for Chaplin's Grill is to engage and excite a wide and discerning range of palates.

Enjoy!

We endeavour to produce good quality food and we don't compromise on our service.
